## **Broken Italian: Lilith, The Black Lady is back!**

Ten years ago, an Italian cult band called "NOT MOVING" disbanded.

After ten years Lilith are back with a new album, which production includes the collaboration of many great artists.

International guests like Tav Falco (Panther Burns), François Régis Cambuzat (L'Enfant Rouge) and a very popular Italian Musician like Pelucheria Hernandez (NIKE commercial in Italy), Paolo Apollo Negri (Hammondbeat - USA), Julie's Haircut (Homesleep), Santo Niente (recently appeared with Tying Tiffany - I Scream Records - USA) and more.

During their career Lilith toured all over Italy and Europe , supporting Clash , J.Thunders, Celibate Rifles, Stooges, and appearing on both Italian National Television (RAI) and BBC.

Usually compared to Marianne Faithfull, Lilith plays a mix of blues, punk, folk, jazz and cabaret.

"The black lady and the sinnersaints" is a tribute to the Charles Mingus's masterpiece "The Black Saint And The Sinner Lady".
